

Why Suffer?

If you suffer pain from any cause, Dr. Miles' Anti-Pain Pills will relieve it—and leave no bad after-effects. That's the important thing. Neither do they create a habit. More often the attacks become less frequent, or disappear altogether. Dr. Miles' Anti-Pain Pills have no other effect except to relieve pain and quiet nervous irritation.

"We are never without Dr. Miles' Anti-Pain Pills. My husband and son, aged 15, were always subject to sick headache until we began using these pills, and they have broken them up entirely. Don't think they have had to use them for six months. I recommend them to every one. A few weeks ago I heard an old lady friend was sick. I went to see her. She was down with LaGrippe, and nearly crazy with awful headache. I gave her one of the Anti-Pain Pills and left another for her to take in a short time. They helped her right away, and she says she will never be without them again. Last winter my husband was taken with fluency on both sides, and I know he would have died if it hadn't been for the pills. In less than half an hour he was sweating, and went to bed and slept."

The Trials of Women.

The homes of this country are filled with women whose trials utterly destroy the joys of existence. They are the victims of female disorders and they do not get relief, and they are forced to drag through the weary years without the hope of better days. All such should be advised to use a few bottles of

ANDREW'S

WINE OF LIFE ROOT.

It plants hope in hopeless hearts, the seeds of joy in joyless minds, whose fruition is the bloom of health on the cheek of the perfect woman, to whom the ills of her former existence are now the real zest of her pleasurable life. Thousands of women all over this land have testified to the truthfulness of this assertion.

TONICS FOR WOMEN.

Delicate women require a tonic. An iron tonic is good, but Andrew's Wine of Life Root is better. While toning up the system, purifying the blood and restoring exhausted nerves, it regulates any derangements, and strengthens woman in the most sensitive part of her organism.

The people of this town held a watch meeting at the Hall to watch the old year go out and the new year come in, which was very interesting to those who attended the meeting.

We had a very quiet Christmas up here, although there was some "bust-head" in town. The people were very quiet with the exception of a little disturbance in the evening, which did not amount to much.

We are greatly in need of a preacher at this place. From some cause there was no one sent to this place and Clifty.

The vacancies were to be supplied by the presiding elder but as yet there has been no one sent, though we have preaching once a month by some local preacher. We have the Free Masons, Odd Fellows, K. of P's and Red Men in this town, but with all of these in a place like this and no preachers the people are likely to take off after worldly things. We have several good church members in this town and some young converts, and with no shepherd they are likely to scatter from the flock and go off after the things of the world. Bro. Matthews did some good work at this place, while he was in charge of the church here. Bro. Howell came up and did some preaching last month, and said he would come back again this month, and Bro. James Hart, of Tracy City, promised to come and hold a protracted meeting for us soon. We will look for him. We have Presbyterians, Baptists, and Methodist people here in this little mining town and no church house save the school house.

Not Bull Run.

The story was told of an American who happened to be crossing the ocean some years ago on the Fourth of July, which national holiday was celebrated with great enthusiasm by the Americans on board.

"I say," asked one of the Englishmen, "what is this the anniversary of anyhow? Isn't it to celebrate the battle of Bull Run or something of that kind?"

"No," promptly spoke up an American, "not Bull Run—John Bull Run."

Well, boys, Xmas is over and yours humbly has not felt well since. I have not felt hungry since the women folks began to prepare for it, and I can thankfully say I am glad of the return to everyday fare.

We had quite a nice party Saturday night at John Kennedy's. There was good music and splendid waltzing.

"Old Bachelor" procured a splendid seat up close to the wall, but he could not find a place to stow his feet and long legs, which were dangerously in the way of the dreamy whirlers.

Robert Gregory is going to desert the Order of Bachelors the second Sunday in January. We hate to give him up, but Miss Artie is a splendid girl and well worthy of him.

A large meteor passed over the state a few mornings ago. It was the size of a large water bucket and made a hissing sound as of a sky rocket, bursting near Wichita Falls and shaking the earth for a radius of a hundred miles.

J. C. Boydston and family are contemplating spending the New Year at D. W. Foster's.

Look out, "May Flower," of Pittsburg, Ga., that Xmas post card has sure gone.

I am still waiting for a letter from Bunk. If Jesse Redman will answer "Old Bachelor's" letter he will tell him something that he will be pleased to hear.

Ben Gregory is going to farm at Savy next year.

It is told that a gentleman from Will's Point called on the eldest Miss Shelton and was riding a very small pony. So after hitching at the yard gate, which was the custom, he and his sweetheart occupied positions just inside the parlor door within earshot of the younger sister who was sitting on the gallery steps.

Some friends, who happened to be passing, asked her what she was doing there. She readily replied that she was "minding the cats off of that horse."
